

NEIL W. BROWN, D.D.S.  
PAYMENT OPTIONS

It is our desire to make your dental care affordable and convenient. We have found that it is in the best interest of our patients to explain our financial arrangements for dental treatment.

- Payment for treatment is due at the time of service. For your convenience, we offer Visa, MasterCard and Discover credit and debit services.
- Although your treatment is your financial responsibility, we will be happy to accept assignment of insurance benefits after verification of coverage, *if* your insurance carrier agrees to send payment directly to our office.

We will estimate your co-payment that will be due at the time of service. For your convenience, your credit card information may be left on file to take care of any balance that might remain on your account after insurance payment.

If your insurance company has not paid on your account within 60 days, we will need payment from you with either credit card, cash, check, or one of the following financial options that can be arranged.

- We offer 6 and 12 month interest free financial plans to those who qualify and wish to make their payments more affordable (you may log on to our website to apply in advance of your visit or apply while in the office: [www.drneilbrown.com](http://www.drneilbrown.com))
- We offer longer term financing for those who qualify and need to spread their payments out to fit their budget.

We look forward to working with you and providing the dental care that you desire! Our team welcomes the opportunity to answer any questions you might have regarding your treatment or finances.

*I have read and understand the financial options available to me.*
